RACING GOSSIP.

Many of the racing individuals of other countries with a turf, shine more conspicuously as to individuals than the best horses of America. Beeswing won fifty-one races out of sixty-three starts, being the only animal that ever won the Doncaster Cup four times. Lanercost was the only horse that ever defeated her at even weights, for the Gold Cup of 1841 at Newcastle. A great fight arose over the award and more than twenty people were badly hurt. Beeswing produced Nunnykirk, who won the Two Thousand Guineas in 1849, and Newminster, the St. Leger winner of 1851.

Charles XII won the St. Leger of 1839 after a dead heat with Euclid, who also ran a dead heat with Aether, who was taken to Australia, where he got Chloroform, who figures in trotting pedigrees. Charles XII raced till he was nine years old and won two Goodwood Cups, one Doncaster Cup, besides being three times placed for the same event, and many other good races. He started forty-nine times in all.

Leamington, Pageant and Dalby each won the Chester Cup twice. Harkaway and Canezon each won two Goodwood Cups and Friday won it once. Orelia won the Goodwood Stakes twice. Honest John won the Cumberland Plate twice. Underhand won the Northumberland Plate three times and was placed in a fourth trial for it. St. Bennett won it twice, as did also Caller On. She was a great mare and not only won the St. Leger, but also won forty-four out of eighty-six starts.

Isonomy was the only horse beside Fisherman to win the Ascot Cup twice. Isonomy could not win at two years old, and did not win at three till very late in the fall, when he carried off the rich Cambridgeshire Stakes in a field of thirty-eight, the largest field on record in that race. He gave the American horse, Parole, two years and eight pounds in the City and Suburban at Epsom and was beaten a neck. At four years old he was the greatest horse in England, beating Sivio (Derby winner of the previous year) for the Queen's Vase and Insulaire and Touchet in the Gold Cup. That year he was beaten but twice, winning the Ebor Handicap at York, 134 pounds up, and the Manchester Cup, with 133, giving thirty-nine pounds to The Abbott, who ran second. He is the only horse that ever got two triple winners—Derby, Two Thousand Guineas and the St. Leger.

Ormonde started sixteen times and was never beaten. His total winnings in stakes and plates reached £28,465, or something in excess of \$140,000.

L'Abbesse de Jouarre won the Oaks of 1889. She was by Trappist, a son of Hermit. She ran in twenty-four races, winning nine times.

One of the most remarkable mares in the world's history, was the Hungarian mare, Kinseem, owned by Mr. Blascovitz. She started fifty-four times and was never beaten. The English Goodwood Cup of 1878 was among her many victories. She never met such company as that which Ormonde defeated. Among Ormonde's antagonists were Minting and The Bard.

Tristan was one of the greatest campaigners the world ever saw. He started fifty-one times and won twenty-nine, winning the rich Hardwicke Stakes at Ascot three times. Iroquois and Foxhall both beat him at three years old.

One of the most remarkable horses was the Australian horse Cyclops, who never won a race, but was twenty-three times second and eight times third in forty-one races. He ran a dead heat (134 pounds) with Mentor (four years, 126) in the Canterbury Plate, two and a half miles, in 4:28½, just a second slower than Aristides' performance at Louisville in 1875, with 104 pounds up.

About or before January 25, 1897....

The American Sporting Manual

A YEAR BOOK AND COMPENDIUM OF RECORDS

The Manual will be: A Book for the Pocket.
A Book of Authority.
A Comely Book. A Cheap Book.

It will contain all general sporting records in use. All American Turf Records. All American Track Records. A twenty-page history of all the prize fights and boxing matches of 1896, from January 1 to December 31, 1896. Two handicap tables; one reproduced from the American Racing Manual, and a new one of even sharper application to racing, never before published.

The Manual will contain the 1896 figures of Baseball, Aquatics, Football, and Athletics in general—racing, trotting, pacing and all departments of sporting. Within The Manual's covers will be 100 pages of pure sporting figures.

The American Manual's handicap tables alone are such as have been usually sold at \$50 and \$100 each. With them are published explanatory keys and three races which have been run and to which the figures have been applied. These keys show horses, estimate of ability on past races, figures on the race to be run and their position in race to which figures were fitted.

Table No. 2 is entirely new. The track records and time estimate in the book are the result of nine months daily work of five experienced men.
